

« TURN »

Take his rope in your hand. Give the command « TURN », while keeping a lure in your leading hand. Let the dog take the rope in his mouth. Make a rotation of your arm, keeping as close to the dog as possible, and position him to turn. When the dog has made a complete turn, congratulate him.

Secondly, take the rope, but do not put it in the dog's mouth. Give the command turn », and move the rope. If the dog makes a complete turn, congratulate him and give him a treat. If the dog doesn't adequately answer to the command, give him the VC « HEY! », and repeat the command, up to 5 repetitions. If the dog persists in not responding to the command, isolate him. Before resorting to negative acts, make sure the dog fully understands.
